Of course, the most comprehensive work on this subject is **They Came Before Columbus: The Black Presence In Ancient America**, written by Ivan Van Sertima in 1976. ... states: "The Proto-Mandingoes, Olmecs, Egyptians, and Algonquins/Skraelings [all Black people] entered *the Americas* thousands of years after the first *Africans* began arriving from *Africa* before 56,000 B.C."

These various Black migrants brought civilization to the New World over several millennia.

[Could Africans really have traveled to America before Columbus?](#)

Dr. Van Sertima gave a powerful lecture about the *African Presence in America before Columbus*, a topic I never heard of before and honestly doubted it's validity. I thought I would leave the lecture only convinced that...

[Zinn, 19] In many *Ancient American* societies, as in *Ancient African* societies, “power was shared between the sexes and the European idea of male dominancy and female subordination in all things was conspicuously absent...” [Zinn, 20] This .... It was also during one of these travels to and from the West Coast of *Africa* that in either 1441 or 1442 – less than a decade *before Columbus* was born – several *African* slaves were brought to the European continent.
